

# Junior PHP developer

Junior (1-2 years experience) | Developer

**Available Now** | Lithuania

## Sector Background

Not Specified

## Preferences

### Location

Lithuania only

### Duration

Any

### Current status

Available Now (Updated: 4 months ago)

### Workload

100%

## Personal Statement

I am a programmer, a true geek and a 2nd course student at Vilnius Gediminas Technical university. I am interested in Web design and I have been working on HTML, PHP, JS, CSS and "Bootstrap" projects as well as mobile apps. I believe that well written code is a piece of art and carefully chosen UI details are what makes the beautiful code truly work.

## Skill Stack

PHP	UNIX
WordPress 2-3 years	Linux 2-3 years
Laravel 0-1 year	Ubuntu 2-3 years
