Personal Statement

Hello,

I am a quality assurance engineer with a passion for challenges. My skills include, but are not limited to:

- Performance testing and optimisation
- Security testing
- Test automation
- Manual testing
- Server administration
- Scripting

I have experience in the following domains:

- Telco (MVNO / MVNE)
- Banking
- Selfcare / billing
- Online gambling systems
- Online media platforms
- iOS apps
- Web browsers

I would love to work on interesting projects with people who are inspiring and goal oriented.
