Aprašymas:

Your role will include:

- Developing customisations for business logic for Microsoft Dynamics 365 F&O and previous Microsoft Dynamics AX versions
- Extending Microsoft Dynamics 365 F&O solutions according to functional design documentation
- Technical documentation preparation
- Participating in Microsoft Dynamics 365 F&O/AX upgrade projects, including: merging the code between different AX versions, data migration of databases, testing and suggesting future improvements
- Design and development of reports for D365 F&O/AX based on MS SQL Server Reporting Services (SSRS) technology

What we expect from you:

- More than 1 years of development experience with Microsoft Dynamics AX
- Basic functional knowledge of Microsoft Dynamics D365 F&O/AX standard solutions
- Basic knowledge of accounting standards would be an advantage
- Basic knowledge of Microsoft SQL server implementation and maintenance
- Good spoken and written English
- Willingness to share your knowledge and experience with your colleagues

- Ability to work independently as well as in a team
- Good communication skills
