Aprašymas:

talech is building the next generation of software for small business through simple, intuitive interfaces and powerful analytics. We believe that the corner store should have as much insight into their business as Amazon - the small data opportunity.

Since September 2019, talech has proudly been a part of the U.S. Bank family. U.S. Bank is the fifth-largest bank in the United States of America with a proven track record in innovation, customer service excellence and connecting with communities. U.S. Bank invests time, resources and passion in economic development by supporting efforts to create stable jobs, better homes and vibrant communities. These values align perfectly with talech and by combining their expertise in their respective fields, a shared commitment to maximising the opportunities afforded to small and medium-sized businesses will make for an exciting and rewarding future.
