Aprašymas:

The Challenge

By joining our team, you will work as a junior PHP developer along with a team of experienced PHP developers on improving and expanding the platform which has the ambition to become the market leader in the Dutch mobile market. The perfect applicant for this position should be a fast learner with a good knowledge base and focus on quality.

What you need to succeed

- At least 1+ years of PHP programming experience (PHP 5 or higher)
- Familiar with the MVC model
- Familiar with PostgreSQL
- Familiar with JavaScript and popular frameworks
- Familiar with CentOS
- Good English skills
- Focus on quality, structural solutions
- Focus to improve yourself and learn from others
- Love to be in a team and gain knowledge from experienced developers to show your talents

We offer

- Opportunity to get experienced in an international company and with already high-performing experienced development teams.
- Clearly defined requirement process in projects
- Conditions for skill improvements by attending conferences and complying technological

certificates

- Liberal and result-oriented approach to work
- Positive, energizing and fun environment
- Xbox Kinect game breaks, free snacks, lunch on Fridays, Staff parties and much more
