Aprašymas:

Kilo.Health is a digital business working in the health industry. Their main markets are USA, Canada, Australia, Brazil, Mexico & UK. The company was founded 5 years ago and it took a while to find our niche, now striving to be the leader in the wellness category globally. Don't wish us luck, come work with **Kilo.Health** to see it happen.

Currently Kilo.Health is looking for a – **Product Designer (UX/UI)** to join their tech team.

Get Ready To:

- Create and design products from scratch that sell and will be used by millions of people around the world.
- Produce prototypes and test functionality.
- Improve the design of existing products.
- Gather feedback from product users.

We Expect You To:

- Have a relevant work experience as a Product Designer or similar role.
- High-caliber product design skills.
- A deep understanding of user experience design, interaction modeling, typography, composition, and layout principles.
- Intimate knowledge of current digital design trends and conventions.
- Fluent in digital design tools, such as Sketch, Photoshop and Illustrator

- Have no fear of failing.
- Be curious and creative.
- Never kill the vibe.

You Are Going To Deal With:

- Full set of perks including a hot tub in a terrace, workations (pity you missed Bali already) as well as taxi & gym monthly budgets.
- Informal communication. We are not a corporate office, we are digital punks.
- Many mistakes though never the same mistake twice. We experiment – a lot, since no one has ever done what we are doing.
- Digital products in the health industry which acquires thousands of daily new customers globally.
- Weekly new introductions. Our team grows faster than construction workers are breaking the walls to expand our office.
- Feel excited already? It's our daily emotion.
