2021-03-30 (3 days ago)

Description:

Get ready to

- Work on high-scalable products combining React & Redux
- Creating responsive design web pages and apps.
- Working with multiple production grade zero-downtime platforms that is used by millions of our clients.
- Expand your knowledge of the software development process while solving challenging tasks.
- Work with agile processes that are adapted to the team's and project's needs.
- Keep involved in our business oriented MVP level projects and work with the fastest ever release cycles.
- Participate in hackathons to test new possible MVP products in the market.
- Share your knowledge with other developers and be part of our community.

We Expect You To

- Have MVP-focused object-oriented coding skills
- Have strong knowledge of Javascript, React & CSS
- Have experience and knowledge of RESTful API's (or GraphQL)
- Having experience with large scale projects would

be a plus.

- Having knowledge of good UX practices would be a plus.
- Having experience with TypeScript would be a plus.
- Have no fear of failing.
- Never kill the vibe.

About Us

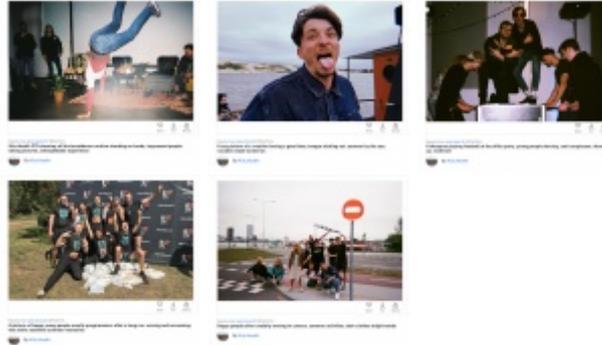

Talk about perks

- Work hard, party harder. We couldn't handle to party every time we reach our KPIs, so we stick to approximately once per month. On the other hand, our office never runs out of drinks & snacks to party every day - can you handle it?
- Day off cards. The headline says it all. You don't need an explanation if you're having a rough day or had a tough party last night. Though use it with caution!
- Wolt for late workers. Got to stay up late? You deserve to order whatever you want.
- Workation. Bali, Thailand - been there, done that. Currently deciding where to go next, any ideas?
- Gym subscription. We got you covered; just choose a gym!
- Taxi budget. Whether you overslept in the morning or overstayed in the evening, use your personal budget for a cab.
- Fridge full of food. New ideas on the shopping list are always welcome. What's your favorite snack?
- Hot tub. We have a fire-heated hot tub on our terrace to enjoy while waiting for a BBQ to be made.
- Casual perks. Enjoy a starter pack with our merch, monthly office parties, games zone with foosball, PS4 & VR.

You Are Going to Deal With

- Informal communication. We are not a corporate office - we are digital punks
- Many mistakes, though never the same mistake twice. We experiment a lot since no one has ever done what we are doing
- Digital products in the health industry which acquire thousands of daily new customers globally
- Weekly new introductions. Our team grows faster than construction workers are breaking the walls to expand our office

- Feeling excited already? It's our daily emotion.
