Aprašymas

Behalf of our client, we are looking for Senior .NET engineer (**permanent position**) with 6 to 9 years of experience in API Azure Container Services Azure Functions Jira Docker Design Patterns Microservices Azure .NET and C#. The ideal candidate will have a strong background in Retail Banking. This hybrid role requires a proactive individual who can contribute to our innovative projects and help us achieve our goals.

Responsibilities:

- Develop and maintain high-quality software solutions using .NET C# and Azure technologies.
- Design and implement APIs and microservices to support scalable and efficient applications.
- Collaborate with cross-functional teams to define design and ship new features.
- Ensure the performance quality and responsiveness of applications.
- Identify and correct bottlenecks and fix bugs to improve application performance.
- Apply design patterns to solve complex software design problems.
- Implement and maintain Docker containers for consistent development and deployment environments.
- Provide technical guidance and mentorship to junior developers.
- Participate in code reviews to maintain code quality

and share knowledge.

- Contribute to the continuous improvement of our development processes and methodologies.

Qualifications:

- Possess strong experience in .NET C# and Azure technologies.
- Have a deep understanding of API design and development.
- Demonstrate expertise in Azure Container Services and Azure Functions.
- Understand and apply design patterns effectively.
- Have experience in developing microservices architecture.
- Have experience in design databases.
- Display excellent problem-solving and debugging skills.
- Have strong communication and collaboration abilities.
- Show a proactive approach to learning and adapting to new technologies.
- Demonstrate the ability to work effectively in a hybrid work model.
- Ensure a commitment to delivering high-quality software solutions.

Benefits:

- Opportunity to be part of a global organization.
- Encouraging working atmosphere, engaging activities, and extra benefits (e.g. additional medical insurance (covers gym subscription), team events, outreach activities, and others).
- Hybrid work model with remote work opportunities.
- Open, modern, and ergonomic work environment when working from the office with the multicultural community.
- Opportunity to grow professionally and personally (e.g. Udemy) and continuously develop within the domain.

The salary range for this position is from 4125 EUR - 6875 EUR gross before taxes.*

*Salary offer for the candidate is determined based on the predefined salary ranges for the position and depends on the level of competence and experience of the candidate.
