Personal Statement

I have graduated "Kauko Kolegija" university of applied science "computer networks administration" study program. I'm young, curious, confident, active, creative, open minded, flexible, interested in latest technologies. I have good analytical and critical thinking, action planning, quick problem solving, decision making. Also I learn quickly new things and from me and other mistakes. I have a lot of motivation and intention to learn Java programing language. I have a good database experience and I need practise to master java syntax .
