Personal Statement

Nemažą (10metų) patirtį sukaupęs universalus ir kūrybiškas web projektų vykdytojas, UI/UX dizaineris, besispecializuojantis interneto technologijose, 'front-end' sprendimuose.

Šiuo metu didelį dėmesį skiriu UI, UX technikų ir metodikų mokymuisi, geresniam web programavimo kalbų PHP, JavaScript pažinimui bei studijoms.
