Description:

Shift4 Payments is the leader in secure payment processing solutions, powering the top point-of-sale and software providers across numerous verticals, including Food & Beverage, Hospitality, Lodging, Gaming, Retail, and e-Commerce. This includes the company's **Harbortouch**, Restaurant Manager, POSitouch, and Future POS brands, as well as over 300 additional software integrations in virtually every industry. With eight offices across the U.S. and Europe, 7,000 sales partners, and three state-of-the-art data centers, the company securely processes over 1 billion transactions annually for nearly 200,000 businesses, representing over \$100 billion in payments each year.

Join a team developing enterprise class services to interface with banks and processors to deliver payment processing that is fast, secure, reliable, intuitive, and effective. The successful candidate will be proficient in **C#** development with the ability and desire to dig into the .net framework to track down bugs and understand exactly what is happening.
