Description:

Established in 2001, 'Nordcode' creates internet solutions for business - from design and development to implementation and beyond:

- web pages of any complexity
- e-commerce sites and solutions
- online business management systems
- advice on web resource business optimization
- full support and maintenance of internet projects

We've created hundreds of web solutions to help companies worldwide build their business: from Lithuania, where we're based, to the U.S. and U.K, as well as Russia, Belarus and Germany.

Currently we're looking for Full Stack Developer to join our squad.

Responsibilities

- Develop new functionality and improve existing applications
- Support web applications
- Participate in other company's projects

Requirements

- 1+ years of Front-End development experience
- Being good in English with written and verbal communication skills
- JavaScript
- HTML5
- CSS
- PHP

- Git or any other enterprise repository

We offer

- Certification on company funds
- Work friendly team in the office in the center of Vilnius
- Opportunities to raise your expertise and rising wages
- Competitive salary, based on your experience and skills, revised every 3-6 months
