Description

If you would like to manage challenging projects in IT field, this opportunity might be interesting for you.

Become a part of our team and join us to create new Hight-tech products and help to develop existing ones.

Here are some bullet points what we need:

- The job is fully remote
- You will work with remote freelance software engineers and manage their tasks
- You to speak good English and Lithuanian
- You have some IT background and want to learn more
- This is a permanent position as we need a real team member
- Working schedule is flexible, work load - 40 hours per week

Our team is really nice!:)
