Vilnius, Lietuva

Aprašymas:

We are looking for a PHP developer to join the VismaPay team in Vilnius. VismaPay is a payment gateway with a mission to ease the payment process and forget copying payment details from invoices. High traffic, lightning speed, asynchronous processing and many more technical challenges ahead.

What is it all about?

- Backend: Laravel 8, Redis.
- Frontend: VueJS, AlpineJS, Livewire, TailwindCSS.
- Infrastructure: AWS, Docker.

What do we expect?

- Any modern PHP framework experience (Laravel is a plus, but not a requirement).
- Solid experience with OOP.
- Experience working with Docker, Redis.
- Attention to quality and details
- Good spoken and written English.
