Personal Statement

I am a passionate data analyst, Governance, Risk & Compliance Professional. As I excellent at understanding regulatory requirements, control and information management frameworks and internal corporate policies really well - have been trusted to implement R&C framework in several locations and organizations.

Currently working on General Data Protection Regulation readiness for an investment firm.

+5 years of experience in banking back office and operations in particular, had a few service transitions to Lithuania.

Keen on automation of manual processes with all available tools.
