Personal Statement

I have 15+ years of experience in IT as freelancer, designer, developer, project manager, security officer, chief technical officer. Last 5 years I am working as CTO of a company which provides business intelligence and reporting tool for CRM systems.

My strengths are great communication skills, responsibility, accuracy, planning, and willingness to provide best solutions as seeing is as a personal challenge. I do my best to foresee the possible upcoming issues in the systems and implementing solutions to avoid them.
