## Aprašymas:

Locatory.com is looking for a passionate and initiative QA Lead to take the Captain's seat in the establishment and development of QA strategy and system.

You will be working with a widely recognized IT company which provides complete aviation aftermarket-related IT solutions, one of them is the 3rd largest premium aircraft parts marketplace in the World.

Your main goal will be to develop new and refine existing processes related to quality control and ensure the implementation of QA standards.

You may face challenges that will require analytical and "out of the box" thinking but we are looking for people who are ready to take it.

### Must have:

- Several years of QA experience
- Analytical thinking, attention to details, sense of responsibility

### Advantages:

- Working experience with Phalcon 2.0 PHP framework
- Technical knowledge and experience working with Oracle (Middleware, DB) products
- Technical knowledge and experience working with SOAP protocol

- IT-related Bachelor's degree
- Good command of English

**What Locatory.com will give in return:**

- Opportunity to work with innovative IT solutions for the aviation market
- Professional, Technology passionate and collaborative coworkers
- International and relaxed working environment
- Career and development opportunities in a fast developing - IT company

**Reikalinga Patirtis**
