Description

We create powerful, beautiful, and intuitive digital products. We don't blindly follow trends. We take our understanding of the latest technologies and build the best solutions for our enterprise clients. We are believers in collaboration across engineering, UX, and product teams. We combine our expertise to solve complex challenges. We are seeking a skilled Software Engineer to join our team.

Responsibilities

- Develop and deliver software solutions for the clients;
- Collaborate with team members on project priorities, deadlines, and deliverables;
- Share knowledge and know-how of software best practices inside and outside the team;
- Stay on top with the latest technologies;
- Work as part of a team, as well as work independently toward assigned goals;
- Mentor less experienced team members.

Qualifications

- Experience building backend services using Java, Spring Boot;
- High personal code/development standards and practices (peer testing, unit testing, code reviews);
- Experience with at least one of the frontend

frameworks (preferably React or Angular);
- Experience in cloud environments (AWS, Azure, or GCP);
- Knowledge of relational databases;
- Experience in an Agile development environment;
- Experience using and maintaining CI/CD pipelines (i.e., GitHub Actions, GitLab CI/CD, or similar);
- Fluent communication in English.

Benefits:

- Opportunity to be part of a global organization;
- Encouraging working atmosphere, engaging activities, and extra benefits (e.g., additional medical insurance (covers gym subscription), team events, outreach activities, and others);
- A hybrid work model with remote work opportunities;
- Open, modern, and ergonomic work environment when working from the office with a multicultural community;
- Opportunity to grow professionally and personally (e.g., Udemy) and continuously develop within the domain;
- The salary range for this position is from 2775 EUR – 4625 EUR gross before taxes. Salary offer for the candidate is determined based on the predefined salary ranges for the position and depends on the level of competence and experience of the candidate.
