Description

Hiring Sr. FullStack JavaScript Engineer for our client-multinational information technology consulting and outsourcing company Cognizant Technology Solutions Lithuania.

We are seeking a Senior FullStack JavaScript Engineer with 5+ years of experience to join a dynamic team. You will join a skilled team of engineers building a unique product for financial data reporting. Green field project with a mixed tech stack and microservice architecture.'

The position is based in Vilnius and is offering a hybrid work opportunity.

Responsibilities

- Develop and maintain high-quality software solutions using JavaScript, Typescript, React, Redux and Redux saga, PostgreSQL and working with Node JS occasionally.
- Collaborate with cross-functional teams to define design and ship new features.
- Ensure the performance quality and responsiveness of applications.
- Identify and correct bottlenecks and fix bugs.
- Help maintain code quality organization and automation.

- Participate in code reviews and provide constructive feedback to team members.
- Stay updated with the latest industry trends and technologies to ensure our solutions remain cutting-edge.
- Contribute to the continuous improvement of the development process.
- Work closely with product management to understand requirements and translate them into technical specifications.
- Implement security and data protection measures.
- Optimize applications for maximum speed and scalability.
- Provide technical guidance and mentorship to junior developers.
- Communicate effectively with team members and stakeholders to ensure project success.

Qualifications

- You should have an exceptionally strong understanding in JavaScript (structures, performance, etc.) – JavaScript hardcodes.
- Possess strong technical skills in React + Redux, NodeJS, Typescript, Redux Saga, PostgreSQL.
- Experience working with large scale cloud-based applications (Azure).
- Having experience in product management and industry essential is a plus.
- Demonstrate excellent problem-solving skills and attention to detail.
- Exhibit strong communication skills in English both written and spoken.
- Show ability to work effectively in a hybrid work model.
- Have a proactive attitude and a passion for continuous learning.

Benefits

- Opportunity to be part of a global organization.
- Encouraging working atmosphere, engaging

activities, and extra benefits (e.g. additional medical insurance (covers gym subscription), team events, outreach activities, and others);

- Hybrid work model with remote work opportunities.
- Open, modern, and ergonomic work environment when working from the office with the multicultural community.
- Opportunity to grow professionally and personally (e.g. Udemy) and continuously develop within the domain.

The salary range for this position is from 4125 EUR - 6875 EUR gross before taxes.*

*Salary offer for the candidate is determined based on the predefined salary ranges for the position and depends on the level of competence and experience of the candidate.
