2020-12-13 (16 hours from now)

Description:

We create powerful, beautiful and intuitive digital products. We don't blindly follow trends. We take our understanding of the latest technologies and build the best solutions for our enterprise clients. We're big believers in collaboration across engineering, UX and product teams. We combine our individual expertise to solve complex challenges.

We seek team members who care about results and are not afraid of taking ownership.

Main responsibilities

- Test multi-tier web and mobile applications within a development team following Agile methodology
- Design, implement, and maintain automated tests
- Maintain a healthy balance between automation and manual testing in cases when automation is not applicable
- Identify areas to be addressed by various types of automated tests: unit tests, integration tests, API, UI, E2E tests
- Share knowledge and know-how inside and outside the team

Requirements

- 3+ years of experience in software testing and passion for test automation
- Experience of testing within an Agile development environment
- 1+ year experience with test automation tools (e.g. Specflow, Jasmine, Mocha, Protractor, webdriver.io, Nightwatch.js, Cypress, Cucumber,

Appium, Detox)

- Familiarity with techniques and tools for REST API automation (e.g. SoapUI, JMeter, Postman)
- Experience with device cloud and mobile app automation frameworks is an advantage
- Fluent communication in English

Benefits

- A digital products focused company with a variety of challenging engagements with upper mid-market and Fortune organizations
- A chance to work with the top talent professionals and award winning teams across different countries
- Competitive salary and performance based bonuses
- Private health insurance
- 2 additional vacation days
- Remote work opportunities
- Sponsored participation in professional improvement events
- Trips to our other offices and clients' sites
- Great team building events
- Sports activities including gym benefit
- Employee referral program
